Hello everyone!

July is here, and since all schools have restarted classes (albeit online), what better way to welcome your students, teachers and staff than with USO's activities. This will help break the monotony of online classes for all, and they will get an opportunity to extend themselves beyond academics.

Also, the effects of COVID are not yet over.

We hope that you take the necessary precautions to safeguard the safety of all. As is popularly said: **SMS - Sanitizer, Mask, Social Distancing.**
