

CIRCULAR LETTER FOR SCHOOLS USO NATIONAL TESTS 2026

Hello!

Warm greetings from USO!

As we celebrate 75 years of empowering young minds across the country, we are delighted to invite your school to participate in the USO National Tests 2026.

Since 1951, USO has been a pioneer in promoting academic excellence, creativity, leadership, and holistic student development. Over the decades, millions of students from schools across India have benefited from our programmes, which are designed to encourage curiosity, build confidence, and inspire lifelong learning.

The USO National Tests provide students with a unique opportunity to benchmark their knowledge and skills at a national level while fostering critical thinking, healthy competition, and personal growth. Beyond assessment, the tests encourage students to challenge themselves, discover their strengths, and strive for higher achievement. Participation also enables schools to identify and nurture talent, celebrate student accomplishments, and become part of a nationwide network committed to educational excellence.

We would be honoured to welcome your school to the USO National Tests 2026 and look forward to celebrating the achievements and potential of your students together.

With warm regards,

Nina Jain
Secretary General

ABOUT USO

United Schools Organisation of India (USO), is a registered society, established in 1951. It is our mandate to advance the social, cultural, and moral standards of schools in India to global levels by providing schools access to curricular and extra-curricular tests, seminars, conferences, competitions, campaigns, and programs on a national platform. We have been conducting activities for Special Schools nationally since 2019.
